TFD Update 11/1/23

Oct Stats

Updates:

- Community Blood Drive: on Saturday 10/28/23 13 people donated blood.
- Vaccination Event: on October 9th, 115 people received vaccinations.
- Trunk or Treat: on Tuesday October 31st, approximately 200 people attended, the event went very well!
- APS Safety Trailer: on 10/25/23, APS provided electrical safety training with their trailer-mounted transformer.
 About 40 people attended, the majority of the attendees were from maintenance/engineering departments
 from the Tusayan/Grand Canyon business partners and GCNP firefighters. The training was geared for anybody.
 One tip- never handle a breaker box with both hands; the electricity can go through your chest.
 Thank you to Arizona Public Service and Red Feather for making this possible.
- The Tusayan Fire District Volunteer Academy has been going extremely well. The class is being held on Sundays at TFD.
- The magnegrip exhaust evacuation system has been installed into the station bays, it is operational although two more adapters need to be installed. This evacuates the diesel smoke from the engine bays through rapid detachable exhaust pipe connectors. By eliminated the idling/starting exhaust fumes and particulates, the risk of cancer can be reduced. [More modern stations actually house their turnout/PPE equipment away from the vehicles to mitigate this risk.]
- A loft was constructed in the bay for extra storage and provides a workbench for station repairs; the newer Pierce Responder will overlap with the current workbench, so the new space was very necessary.
- Repairs: the lightbar on E-51 has been repaired. The shore line for Ladder 51 has been repaired. Attack-5 is being repaired in Flagstaff. The Responder had a transfer case and fuel leak, both were repaired.
- At the Valle firefighter residences, roofing repairs will be started soon. Siding, plumbing and some drywall repairs will also be completed.
- Please visit the Tusayan Fire Department Facebook page for: updates, local news, training, weather, burning operations, community events, safety tips, etc. [give us a like!]
- Fire Extinguisher Classes are being offered at TFD, or at your business locations if requested with enough notice. Please contact TFD at 638.3473.

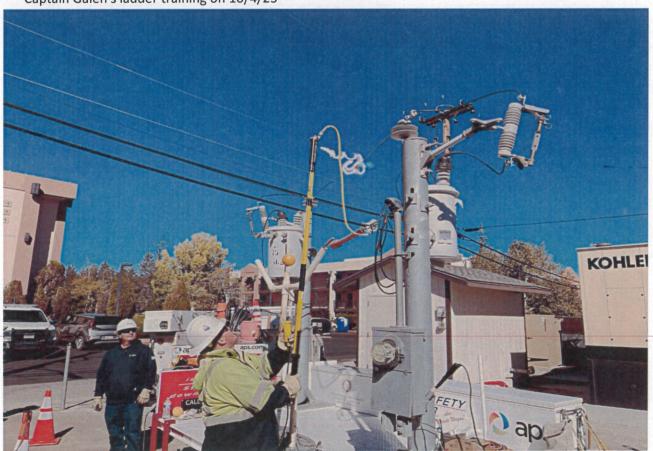

There's been an unusually large number of vehicle and structural fires recently. Please make sure you have working smoke & carbon monoxide detectors and be fire safe!

RE: Pierce Responder VIN

Kate-

Estimated Annual Auto Premium (Adding 24 Freightliner PR #1934 - \$440,000) = \$2345 Estimated Annual Auto Premium (Adding 24 Freightliner PR #1934 - \$490,000) = \$2441

This is annual premium, so when we add it next month it will be pro-rated based on the effective date for adding the apparatus. So if it is after 1/10 you will see a slight reduction.

Thanks
